In the heart of Paris, near the Tuileries garden, the Louvre museum and Place de la Concorde, the Cambon Hotel benefits from a privileged situation and attracts an artistically inclined clientele, in an environment that is profoundly contemporary in terms of volumes, materials and specially conceived furniture.

The 40 rooms and junior suites, certain of which are extended by a balcony or a terrace with a view over the Tuileries gardens, have been designed with attention to comfort and the latest technology. This resolutely pure and yet warm environment marries admirably with a remarkable collection of paintings, on view throughout the establishment, as well as several contemporary sculptures. In the reception area, with its sycamore wood sofas, objets d'art, Gallo-Roman pottery, Old Master paintings or even a sculpture by Jean-Louis Raina are mixed in together... Everything has been gathered together over the course of time, according to the designers' desires and passions.

The salon bar, under its glass roof, is decorated with a trompe-l'œil by Marie Joseph Tournon representing the Tuileries gardens, and offers an intimate ambiance in which to relax after a stroll around Paris...

坎博酒店地处巴黎市中心，位于图勒里花园、罗浮宫以及协和广场附近，因为其所在地绝佳，吸引了不少爱好艺术的旅客。酒店的空间体量、材质和家具都显现十足的当代风格，

在40个一般客房以及头等套房里，有些房间拥有面向图勒里花园的阳台，所有的套房设计都结合了舒适性与最新的科技。在风格简洁亲切的空间里，到处陈列着出色的绘画作品，其中有为数不少的现代作品。在接待大厅里，有着无花果树做成的沙发，交错搭配着艺术品、高卢罗马人的陶艺品、大师画作，甚至有一个让路易-莱纳的雕塑...这一切装饰都符合了当代精神、呈现欲望和热情。

位于玻璃采光罩下的沙龙酒吧之中有一幅大师玛丽约瑟夫-图尔依所画的几乎可乱真的图勒里花园风景画作，让人在巴黎漫步之后停留在此的时光更显轻松柔和。
